

ATTACHMENT B
SPACE AVAILABLE

The NASA Safety Center is located at the Ohio Aerospace Institute. The contractor will be provided 18 spaces within the footprint of the NSC. The space available includes 1 office with space for 2 people and 16 cubicles. Furniture and utilities are included.

Space is available in the Glenn Research Center Data Center room 160 for the government furnished servers.

A small, shared server space inside Plumbrook Station is also available to support the government furnished disaster recovery system.
